The PSDP is present in the Kenyan capital and in Nakuru, which has one parish and provides a pastoral experience for the candidates of the first year of Postulancy.

As a missionary priest, Fr. Virtudazo reaches out to young abandoned children in the street and encourages them to stay in the PSDP mission.

The mission also serves as a formation house and provides basic education and training to young girls from vulnerable socio-economic backgrounds. The Sisters also make bread to sell to the community and teach the girls to develop some vocational skills.

Nairobi PE shared snacks and hygiene kits with the 60 current resident children at the PSDP mission, and reminded them that God loves them to give them hope and uplift their mood.

The PSDP is a catholic religious congregation, composed of Brothers and Priests and missionaries of Poor Sisters, founded by St. John Calabria on 1907 in Verona, Italy. END.
